THE STORY ABOUT INCLOVER

The groundbreaking INCLOVER Academy is an educational institution, which is heavily on job market orientated and fits in Berlin way of life very well.

Our international staff is composed of freelance artists. Concurrently with their teaching they work still successfully in their respective scope of work. On this way our docents can impart the last developments of free market to the students. The interior decoration of our training rooms generates a family ambient and sense of well being. Small groups of students (max. six participants per course) guarantee an intensi-

ve and continuous high level of education.

During the breaks the students can relax in our lounges and can take a well tasting coffee made by our fully automated coffee machine. Our Academy is situated near to the famous street Kurfürstendamm and in the immediate vicinity there are a wide range of bakeshops, snack bars and restaurants. We extend a warm welcome to you and look forward to an enjoyable collaboration.

COURSE INFORMATION

Inclover Academy enables a diverse and intensive training as make-up artist and hairstylist. In this course you get all basics, which are necessary for entering into employment. In our short workshops you can deepen your knowledge in various sectors, which you can attend just as you like.

Small classes (max. 6 participants per course) guarantee a high training level. Our docents can support you to overcome weak spots. During your training we never lose the grip on real requirements of open market. Our lecturers are successful make-up artists and hairstylists and they know the barriers to enter into employment. They will help you breaking down these barriers.

Already during your training you will be part of external photo shootings or make-up for fashion shows and film shootings. In order to provide you with the best possible business opportunities, we will accompany you the next few years after graduation and provide you in Germany with jobs, assistantship and references via our own agency (www.inclover.de/agency).

Only on this way you will get assurance in your job, because practice in school is incomparable with adverse conditions of everyday working life. You will experience teamwork, creativity and the satisfying feeling to finish a project. Additionally you establish important contacts with potential prospective employers.

Before a job starts you will be prepared for all eventualities. In the course of the training you will work on your portfolio, which will be the poster child for acquiring jobs in future.

You get a professional, high-quality brush set to start with jobs more easily. For selecting best products and manufacturers we will give our yearslong experiences to you.

COURSE INFORMATION

Our „Creative Hair & Make-up Artist“ course offers a sound and in-depth training as a make-up artist & hairstylist over a period of six months. This course includes all modules from our 3-month course „Hair & Make-up Artist“ as well as many more educational content that focuses on the creative use of make-up.

The comprehensive intensive training as „Creative Hair & Make-up Artist“ combines hairstyling (4 weeks), basic make-up (12 weeks) and creative make-up (8 weeks). The increased focus of the course is on the artistic style of the participants and creativity in dealing with make-up. It is especially aimed at those whose heart beats for high fashion and exceptional make-up & hairstyling.

All our courses are limited to a maximum of six participants. Thus, the lecturers can respond individually to your weaknesses and strengths. The internationally booked lecturers are actively working on the free market, in parallel with their lectures, and pass on their experiences directly to you. You accompany your instructors during the training for photo shootings, film shoots and fashion shows. In order to provide you with the best possible business opportunities, we will accompany you the next few years after graduation and provide you in Germany with jobs, assistantship and references via our own agency (www.inclover.de/agency).

This is the only way to gain the security you need in your pro-

fession and to build up your first credentials that will allow you to continue to apply for jobs.

For the best possible career start, you will be part of ten professional photo shoots on a variety of topics. With the resulting, retouched images, you will build up a presentation folder during your training, with which you can apply to potential employers. After passing the final exam, we will certify your degree as Creative Hair & Make-up Artist in a certificate. We provide you during your training time all the necessary make-up & hairstyling products and consumables.

To make starting your career as easy as possible, you will receive a professionally compiled 30-piece brush set. For the selection of the best products and manufacturers, we pass on our years of experience, which you otherwise would have to laboriously acquire. At the end of your training you will prove your acquired knowledge in a theoretical and practical final exam. We prepare you intensively for this exam during your training.

HAIRCUT

Creative H&M Inclover student Olena // Photographer: Tobias Wirth

COURSE INFORMATION

This intensive workshop is dedicated to make-up artists, who are neither hairdressers nor completed a theater make-up education. Not only in photo shoots and theater performances, but especially on film sets the knowledge of several ladies and men haircuts is an essential part of the task field of a make-up artist. If you haven't got the required skills, you could quickly come up against borders during a job and your clients could be quite incomprehensible.

In the haircut course you will learn all necessary basics of the most required hairstyles, beginning with the knowledge about your tools to the individual steps of a complex hairstyle. The basic equipment, which gets each student at the beginning of the course, also includes a high quality scissor set of a brand manufacturer to practise the skills you have gained without further investments.

With the advanced knowledge of the haircut intensive course you are now prepared for any contingencies of everyday life of a make-up artist.

FILM- & TV-MAKE-UP

COURSE INFORMATION

Like any other industry filmmaking is also subject of technical achievements and aesthetic developments. One of the most significant changes in recent years is certainly the high definition (HD) technology. More and more precisely, high-resolution and sharper is the cinematic raw material.

But the handling of continuity, the film-specific camera and lighting equipment as well as the analysis of a script poses completely new, unforeseen challenges for the make-up artist.

You want to expand your working area to the exciting field of filmmaking and open up a new source of income? The Inclover film & television make-up course guarantees you an easy introduction to the new world of film shoots. From set vocabulary via peculiarities of light design and camera technology through to cinematic special effects make-up you will go fully prepared to your first film shooting.

While other make-up artists have to collect their experiences by trial and error, you're well prepared for this new challenge and can also act in stressful situations professionally.

FILM- & TV-MAKE-UP (HD)

Intensive, full time training

CREATIVE STAGE MAKE-UP

Creative Stage Make-up Inclover student Adriana // Photographer: Sebastian Busse

COURSE INFORMATION

The basics of theatrical make-ups are not only an integral part of beauty and film area. Fashion shows by Galliano and Alexander McQueen remind partially more of a theater production and regard similar challenges to the make-up artists backstage. Films regularly have got elements of theatrical make-ups, too, these harmoniously blend into the aesthetic of other areas.

This workshop is addressed at make-up artists who want to learn the fundamentals of theater make-up and haven't the opportunity learning three years full-time at a theater. For this purpose the basic elements were singled out of the wide range of possibilities of theatrical make-ups upon which more complex works can build. Therefore the students are able to use their acquired knowledge in different application areas.

At the same time you have the opportunity to test yourself and to expand your presentation folder to new areas as part of the photoshootings taking place.

PRECONDITIONS:
